PART I — SUBJECTS	3–14
PART II — CONTRIBUTORS	14–22
PART III — BOOK REVIEWS	22

Abbreviation: C, correspondence; suppl., supplement

PART I. SUBJECTS

Academic performance

Psychosis and academic performance.
Jon L. Karlsson 327–329

Admission rates

Ethnic variation in adolescent
psychosis. Jovanka Tolmac and
Matthew Hodes 428–431

Impact of compulsory community
treatment. Stephen R. Kisely *et al*
432–438

Adolescence

Cannabis and psychosis.

Louise Arseneault *et al* (*Review
article*) 110–117

Ethnic variation in psychosis.

Jovanka Tolmac and Matthew
Hodes 428–431

Evidence in cannabis research.

P. Miller (C) 542. T. Palmer (C)
542–543. C. Coffey *et al* (*Authors'
reply*) (C) 543–544

Integrated in-patient services.

R. Corrigan and R. Refaat (C) 455

Prematurity at birth and depression.

George C. Patton *et al* (*Short
report*) 446–447

Trauma and post-traumatic stress

symptoms in African schools.

S. Seedat *et al* 169–175

see also Childhood and adolescence

Adoption studies

Genotype–environment interaction in
schizophrenia-spectrum disorder.
Pekka Tienari *et al* 216–222

Affective disorders

Cost-effectiveness of treatment of
mental disorders. Gavin Andrews
et al 526–533

see also Bipolar disorder; Depression;
Postnatal depression

Africa

Drawings by child survivors of
genocide, Rwanda. Edited by Allan
Beveridge (*Psychiatry in pictures*)
A18

Psychiatric research in Nigeria.

Oyedeji Ayonrinde *et al* (*Psychiatry
around the world*) 536–538

Somatic symptoms in depression.

G. T. Okulate *et al* 422–427

Testimony method to ameliorate

post-traumatic stress symptoms.

Victor Igreja *et al* 251–257

Trauma and post-traumatic stress

symptoms in schools. S. Seedat *et al*
169–175

Alcohol misuse

Cost-effectiveness of treatment of
mental disorders. Gavin Andrews
et al 526–533

Post-traumatic stress and disability.

Leigh A. Neal *et al* 247–250

Prevalence of psychiatric disorders in

Chile. Benjamin Vicente *et al*

299–305

Relationship with suicidality. Annie

McCloud *et al* 439–445

Alcohol Use Disorders Identification Test (AUDIT)

Alcohol use disorders and suicidality.

Annie McCloud *et al* 439–445

Alzheimer's disease

Thinking through delusions.

Michael F. Shanks and Annalena

Venneri (*Editorial*) 193–194

Analyses *see* Statistics

Antidepressants

Antidepressant-related deaths in
England and Wales. Surjit Cheeta
et al 41–47

Frontal neuroimaging in late-onset

depression. Victor Navarro *et al*

306–311

And public health in Iceland.

Tómas Helgason *et al* 157–162

Reducing the global burden of

depression. Dan Chisholm *et al*

393–403

see also Selective serotonin reuptake
inhibitors; Venlafaxine

Antipsychotics

Atypical antipsychotics and type 2
diabetes. Chris Bushe and
Brian Leonard (suppl. 47) s87–s93

And diabetes: non-prospective studies.

Peter M. Haddad (suppl. 47) s80–s86

Effects on fat deposition and changes
in leptin and insulin levels. Zhi-Jun
Zhang *et al* 58–62

Non-adherence: associations with

resource use and costs.

Martin Knapp *et al* 509–516

Prolactin-raising medication and bone

mineral density in schizophrenia.

A. M. Meaney *et al* 503–508

Treatment-emergent diabetes and

antipsychotics. Patrizia Cavazzoni

et al (suppl. 47) s94–s101

see also Clozapine; Olanzapine

Antisocial personality disorder

Predictors of antisocial personality:

continuities from childhood.

Emily Simonoff *et al* 118–127

Anxiety disorders

Cost-effectiveness of treatment of
mental disorders. Gavin Andrews
et al 526–533

DSM–IV psychiatric disorder in the

French elderly population.

K. Ritchie *et al* 147–152

Home internet therapy for phobia/

panic. Mark Kenwright and Isaac

M. Marks (*Short report*) 448–449

Sertraline and exposure therapy in

social phobia. B. Bandelow (C) 271.

T. T. Haug (*Author's reply*) (C)

271–272

Somatoform disorders in general

practice. Margot W. M. de Waal

et al 470–476

Art see Psychiatry in pictures

Assault

Towards integrated health care: a

model for victims. Jonathan P.

Shepherd and Jonathan I. Bisson

(*Editorial*) 3–4

Trauma and post-traumatic stress

symptoms in African schools.

S. Seedat *et al* 169–175

Asylums

John Gilmour, Chosen by Allan
Beveridge (*Psychiatry in pictures*)
A10, A14

Attachment Style Interview

Attachment style and perinatal depression. A. Bifulco *et al* and the TCS-PND Group (suppl. 46) 331-337

Attention-deficit hyperactivity disorder (ADHD)

Is best understood as a cultural construct. Sami Timimi/Eric Taylor (*In debate*) 8-9
The Child ADHD Teacher Telephone Interview. Jane Holmes *et al* 74-78
And life-span development. Paul McArdle (*Editorial*) 468-469
Meanings and causes. D. B. Double (C) 453. E. Taylor (*Author's reply*) (C) 453-454

Biculturalism

Globalisation and biculturalism. A. Eytan (C) 362-363

Biological psychiatry

Humanity and biology in psychiatry. R. Harland *et al* (C) 363

Bipolar disorder

Creativity and mental illness revisited. J. Schlesinger (C) 363-364
HPA axis function. Stuart Watson *et al* 496-502
Neural response to emotional prosody. Rachel L. C. Mitchell *et al* 223-230
Relapse prevention in bipolar I disorder. M. Tohen *et al* 337-345

Birth weight

Foetal origins of schizophrenia. Kathryn M. Abel (*Editorial*) 383-385
And later risk of depression. Catharine R. Gale and Christopher N. Martyn 28-33
Prematurity and adolescent depression. George C. Patton *et al* (*Short report*) 446-447

Black people

Ethnic variation in adolescent psychosis. Jovanka Tolmac and Matthew Hodes 428-431

Bone mineral density

Effects of prolactin-raising antipsychotics in schizophrenia. A. M. Meaney *et al* 503-508

Books

Books received 551
Review of *Hypnotism, its History, Practice, and Theory*. Henry Rollin (*One hundred years ago*) 87
Ten books. Chosen by Fiona Subotsky 547-549
Ten books. Chosen by George Szmukler 457-460
Ten books. Chosen by Sidney Bloch 275-279

Brain

Debate on neurosurgery. P. Sachdev (C) 85

Frontal neuroimaging in late-onset depression. Victor Navarro *et al* 306-311

Hippocampal volume change in depression. Adrian J. Lloyd *et al* 488-495

Language activation in schizophrenia. Iris E. C. Sommer *et al* 128-135

Management of post-concussion syndrome. B. R. Coetzer (C) 86-87

Neural response to emotional prosody in schizophrenia and bipolar disorder. Rachel L. C. Mitchell *et al* 223-230

Phospholipid changes in schizophrenia. J. Eric Jensen *et al* 409-415

Brazil

Mental health and psychiatric research. J. J. Mari *et al* (C) 273

British Journal of Psychiatry

The case report on the way out? K. M. Kuczkowski (C) 364
In defence of the case report. D. D. R. Williams (C) 84
From the Editor's desk. Peter Tyrer (*Editor*) 100
A new name? H. Bourne (C) 455

Burden of disease

Cost-effectiveness of treatment of ten mental disorders. Gavin Andrews *et al* 526-533
Global burden of depressive disorders. T. B. Üstün *et al* 386-392
Reducing the global burden of depression. Dan Chisholm *et al* 393-403

Cannabis

Evidence in research. P. Miller (C) 542. T. Palmer (C) 542-543.
C. Coffey *et al* (*Authors' reply*) (C) 543-544
And psychosis. Louise Arseneault *et al* (*Review article*) 110-117

Carers

Expressed emotion at first-episode psychosis. D. Raune *et al* 321-326

Case reports

In defence. D. D. R. Williams (C) 84
From the Editor's desk. Peter Tyrer (*Editor*) 553-554
On the way out? K. M. Kuczkowski (C) 364

Cerebral lateralisation

Language activation in schizophrenia. Iris E. C. Sommer *et al* 128-135
Neural response to emotional prosody. Rachel L. C. Mitchell *et al* 223-230

Child Attention-Deficit Hyperactivity Disorder Teacher Telephone Interview (CHATTI)

Reliability and validity. Jane Holmes *et al* 74-78

Childhood and adolescence

ADHD and life-span development. Paul McArdle (*Editorial*) 468-469
ADHD is best understood as a cultural construct. Sami Timimi/Eric Taylor (*In debate*) 8-9
Age of traumatisation as a predictor of PTSD or depression. Andreas Maercker *et al* 482-487
The Child ADHD Teacher Telephone Interview. Jane Holmes *et al* 74-78
Child psychiatry, mental disorder and the law. R. Potter and N. Evans (*Editorial*) 1-2
Disturbed families, or families disturbed? J. Hubert Lacey and Clare Price (*Editorial*) 195-196
Drawings by child survivors of genocide, Rwanda. Edited by Allan Beveridge (*Psychiatry in pictures*) A18
Feeding problems and maternal eating disorder. Peter J. Cooper *et al* 210-215
Impact of sexual abuse on mental health. Josie Spataro *et al* 416-421
Meanings and causes in ADHD. D. B. Double (C) 453. E. Taylor (*Author's reply*) (C) 453-454
Predictors of antisocial personality. Emily Simonoff *et al* 118-127
Prevalence of chronic disabling fatigue. Anne Farmer *et al* 477-481
see also Adolescence

Chile

Population prevalence of psychiatric disorders. Benjamin Vicente *et al* 299-305

Chinese

Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34-40

Chronic fatigue syndrome

Chronic disabling fatigue in children and adolescents. Anne Farmer *et al* 477-481
Patient education to encourage graded exercise. Pauline Powell *et al* 142-146
Salivary cortisol response to awakening. Amanda D. L. Roberts *et al* 136-141

Client Service Receipt Inventory-Postnatal Depression (CSRI-PND)

Health services research into postnatal depression. D. Chisholm *et al* and the TCS-PND Group (suppl. 46) s45-s52

Clinical Global Impression scale

Relapse in schizophrenia. Stephen Almond *et al* 346-351

Clozapine

Analysing the efficacy. S. Karunakaran (C) 539. K. H. Kho (C) 539-540.
J. Moncrieff (*Author's reply*) (C) 540

Cognitive-behavioural therapy (CBT)

Early CBT for post-traumatic stress symptoms. Jonathan I. Bisson *et al* 63-69

- In first-episode and early schizophrenia. N. Tarrier *et al* 231–239
- By GPs for unexplained fatigue among employees. M. J. H. Huibers *et al* 240–246
- For psychosis. D. Kingdon (C) 85–86.
- P. J. McKenna (*Author's reply*) (C) 86
- Cognitive impairment**
- Spontaneous improvement in schizophrenia. G. K. Murray *et al* (*Short report*) 357–358
- Cognitive therapy for command hallucinations (CTCH)**
- Peter Trower *et al* 312–320
- Collins, Stephanie**
- Chosen by Robert Howard (*Psychiatry in pictures*) A6
- Combat stress**
- Flashbacks in war veterans. I. P. Burges Watson (C) 185
- Common mental disorders**
- Do we need more surveys? Scott Weich and Ricardo Araya (*Editorial*) 289–290
- Community care**
- Impact of compulsory community treatment on admission rates. Stephen R. Kisely *et al* 432–438
- Comorbidity**
- Physical illness and schizophrenia. C. T. Sudhir Kumar (C) 541
- Post-traumatic stress and disability. Leigh A. Neal *et al* 247–250
- Prevalence of psychiatric disorders in Chile. Benjamin Vicente *et al* 299–305
- Somatoform disorders in general practice. Margot W. M. de Waal *et al* 470–476
- Complainants**
- Unusually persistent. Grant Lester *et al* 352–356
- Composite International Diagnostic Interview**
- Lone mothers' experience of violence. Peter Butterworth 21–27
- Psychiatric disorders in Chile. Benjamin Vicente *et al* 299–305
- Compulsory admission/treatment**
- Ethnic variation in adolescent psychosis. Jovanka Tolmac and Matthew Hodes 428–431
- Impact of compulsory community treatment on admission rates. Stephen R. Kisely *et al* 432–438
- Involuntary placement across the European Union. Hans Joachim Salize and Harald Dressing 163–168
- Computer-aided self help**
- For phobia/panic. Mark Kenwright and Isaac M. Marks (*Short report*) 448–449
- Conduct disorder**
- Impact of child sexual abuse on mental health. Josie Spataro *et al* 416–421
- Predictors of antisocial personality: continuities from childhood. Emily Simonoff *et al* 118–127
- Contextual Assessment of the Maternity Experience (CAME)**
- An instrument for cross-cultural research. O. Bernazzani *et al* and the TCS-PND Group (suppl. 46) s24–s30
- Control**
- From the Editor's desk. Peter Tyrer (*Editor*) 286
- Corrigenda** 87, 456, 546
- Cortisol**
- In chronic fatigue syndrome. Amanda D. L. Roberts *et al* 136–141
- HPA axis function in bipolar disorder. Stuart Watson *et al* 496–502
- Costs**
- Cost-effectiveness of treatment of ten mental disorders. Gavin Andrews *et al* 526–533
- Non-adherence to antipsychotics. Martin Knapp *et al* 509–516
- Predictors of the costs of psychoses. Vaughan J. Carr *et al* 517–525
- Reducing the global burden of depression. Dan Chisholm *et al* 393–403
- Relapse in schizophrenia. Stephen Almond *et al* 346–351
- Counselling**
- CBT in first-episode and early schizophrenia. N. Tarrier *et al* 231–239
- Creativity**
- Mental disorder, and jazz. G. Wills (C) 185
- And mental health. J. Schlesinger (C) 184. G. Wills (*Author's reply*) (C) 184–185
- And mental illness revisited. J. Schlesinger (C) 363–364
- Criminality**
- Predictors of antisocial personality: continuities from childhood. Emily Simonoff *et al* 118–127
- Cultural factors**
- ADHD and life-span development. Paul McArdle (*Editorial*) 468–469
- ADHD is best understood as a cultural construct. Sami Timimi/Eric Taylor (*In debate*) 8–9
- Cross-national differences in diet, the outcome of schizophrenia and the prevalence of depression. Andrew McIntosh and Stephen Lawrie (*Editorial*) 381–382
- Culture and insight revisited. B. Saravanan *et al* (*Editorial*) 107–109
- Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34–40
- Globalisation and biculturalism. A. Eytan (C) 362–363
- Globalisation and mental disorders. Dinesh Bhugra and Anastasia Mastrogianni (*Review article*) 10–20
- Somatic symptoms in depression. G. T. Okulate *et al* 422–427
- The story of *dhat* syndrome. A. Sumathipala *et al* (*Review article*) 200–209
- see also Transcultural Study of Postnatal Depression (TCS-PND) (suppl. 46)
- Dadd, Richard**
- Sir Alexander Morison. Chosen by Allan Beveridge (*Psychiatry in pictures*) A22
- Deliberate self-harm**
- Alcohol use disorders and suicidality. Annie McCloud *et al* 439–445
- Delusions**
- In Alzheimer's disease. Michael F. Shanks and Annalena Venneri (*Editorial*) 193–194
- Dementia**
- Delusions in Alzheimer's disease. Michael F. Shanks and Annalena Venneri (*Editorial*) 193–194
- Smaller trials for better evidence. M. F. Shanks and A. Venneri (C) 270
- Depression**
- Comorbidity**
- Post-traumatic stress and disability. Leigh A. Neal *et al* 247–250
- Somatoform disorders in general practice. Margot W. M. de Waal *et al* 470–476
- Course and outcome**
- Longitudinal symptoms after severe depression. Noel Kennedy *et al* 330–336
- Melancholia and the probability and lethality of suicide attempts. Michael F. Grunebaum *et al* (*Short report*) 534–535
- Diagnosis**
- Severity of episodes according to ICD-10. Lars Vedel Kessing 153–156
- Somatic symptoms: diagnostic weight in an African setting. G. T. Okulate *et al* 422–427
- Epidemiology**
- Cross-national differences in diet, the outcome of schizophrenia and the prevalence of depression. Andrew McIntosh and Stephen Lawrie (*Editorial*) 381–382
- DSM-IV psychiatric disorder in the French elderly population. K. Ritchie *et al* 147–152
- Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34–40

- International variations in prevalence and national dietary practices. Malcolm Peet 404–408
- Urbanisation and incidence of psychosis and depression. Kristina Sundquist *et al* 293–298
- Global burden**
- Global burden of depressive disorders. T. B. Üstün *et al* 386–392
- International intervention for a global problem. Mike J. Crawford (*Editorial*) 379–380
- Reducing the global burden. Dan Chisholm *et al* 393–403
- Globalisation**
- Globalisation and mental disorders. Dinesh Bhugra and Anastasia Mastrogianni (*Review article*) 10–20
- Late-onset**
- Hippocampal volume change. Adrian J. Lloyd *et al* 488–495
- Prognostic value of frontal neuroimaging. Víctor Navarro *et al* 306–311
- Melancholia**
- And suicide attempts. Michael F. Grunebaum *et al* (*Short report*) 534–535
- Pathology**
- Hippocampal volume change. Adrian J. Lloyd *et al* 488–495
- Pathophysiology**
- Frontal neuroimaging in late-onset depression. Víctor Navarro *et al* 306–311
- Researchers**
- From the Editor's desk. Peter Tyrer (*Editor*) 378, 464, 553–554
- Risk factors**
- Age of traumatisation as a predictor of PTSD or depression. Andreas Maercker *et al* 482–487
- Birth weight and later risk of depression. Catharine R. Gale and Christopher N. Martyn 28–33
- Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34–40
- Prematurity at birth and adolescent depression. George C. Patton *et al* (*Short report*) 446–447
- Urbanisation and incidence of psychosis and depression. Kristina Sundquist *et al* 293–298
- Sub-syndromal**
- Longitudinal symptoms after severe depression. Noel Kennedy *et al* 330–336
- Symptoms**
- Somatic symptoms: diagnostic weight in an African setting. G. T. Okulate *et al* 422–427

Therapy

- Evidence needed for strategies in refractory depression. N. Agrawal (C) 182
- International intervention for a global problem. Mike J. Crawford (*Editorial*) 379–380
- Premature conclusions about prevention programmes. C. Kuehner (C) 272
- Reducing the global burden. Dan Chisholm *et al* 393–403
- Repetitive transcranial magnetic stimulation. P. E. Holtzheimer *et al* (C) 541–542

- Developing countries**
- Depression: international intervention for a global problem. Mike J. Crawford (*Editorial*) 379–380
- Mental health and psychiatric research in Brazil. J. J. Mari *et al* (C) 273
- see also* Africa; *specific countries*
- Dexamethasone/corticotrophin-releasing hormone (dex/CRH) test**
- HPA axis function in bipolar disorder. Stuart Watson *et al* 496–502
- Dhat syndrome**
- Culture-bound syndromes. A. Sumathipala *et al* (*Review article*) 200–209
- Diabetes *see* Schizophrenia, And diabetes (suppl. 47)**
- Diagnoses**
- Neurasthenia. Henry Rollin (*One hundred years ago*) 545
- Severity of depressive episodes according to ICD-10. Lars Vedel Kessing 153–156
- Somatic symptoms in depression. G. T. Okulate *et al* 422–427
- Somatoform disorders. Michael Sharpe and Richard Mayou (*Editorial*) 465–467
- Diet**
- Cross-national differences in diet, outcome of schizophrenia and prevalence of depression. Andrew McIntosh and Stephen Lawrie (*Editorial*) 381–382
- Diabetes, and schizophrenia. Malcolm Peet (suppl. 47) s102–s105
- International variations in outcome of schizophrenia and prevalence of depression. Malcolm Peet 404–408
- Disability**
- Global burden of depressive disorders. T. B. Üstün *et al* 386–392
- Post-traumatic stress and disability. Leigh A. Neal *et al* 247–250
- Dissociative states**
- Flashbacks in war veterans. I. P. Burges Watson (C) 185

Dogs

- From the Editor's desk. Peter Tyrer (*Editor*) 378

Drug misuse *see* Substance misuse

Drugs

- Management of psychiatric in-patient violence: patient ethnicity. Gisli H. Gudjonsson *et al* 258–262
- Need for medicine-based evidence. E. R. Heerdink *et al* (C) 452
- Smaller trials for better evidence. M. F. Shanks and A. Venneri (C) 270
- see also* Antidepressants; Antipsychotics; Clozapine; Lithium; Mood stabilisers; Olanzapine; Selective serotonin reuptake inhibitors; Sertraline; Substance misuse; Tricyclic antidepressants; Valproate; Venlafaxine

DSM-IV

- Post-traumatic stress and disability. Leigh A. Neal *et al* 247–250
- Psychiatric disorder in the French elderly population. K. Ritchie *et al* 147–152

Eating disorders

- Childhood feeding problems and maternal eating disorder. Peter J. Cooper *et al* 210–215
- Disturbed families, or families disturbed? J. Hubert Lacey and Clare Price (*Editorial*) 195–196

Economics *see* Costs

Edinburgh Postnatal Depression Scale

- Adaptation of SCID to assess perinatal depression. L. L. Gorman *et al* and the TCS-PND Group (suppl. 46) s17–s23
- Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34–40

Educational interventions

- Treatment of chronic fatigue syndrome. Pauline Powell *et al* 142–146

Elderly

- Frontal neuroimaging in late-onset depression. Víctor Navarro *et al* 306–311
- Hippocampal volume change in depression. Adrian J. Lloyd *et al* 488–495
- Prevalence of DSM-IV psychiatric disorder in France. K. Ritchie *et al* 147–152

Emergencies

- Integrated in-patient adolescent services. R. Corrigan and R. Refaai (C) 455

Emotional prosody

- Neural response in schizophrenia and bipolar disorder. Rachel L. C. Mitchell *et al* 223–230

Employees

CBT by GPs for unexplained fatigue. M. J. H. Huibers *et al* 240–246

Occupational psychiatry. M. Henderson *et al* (C) 362

England and Wales

Antidepressant-related deaths.

Survjit Cheeta *et al* 41–47
Suicide by prisoners. Jenny Shaw *et al* 263–267

Epilepsy

Is epilepsy a functional disease? Henry Rollin (*One hundred years ago*) 364–365

Equivalence of care principle

Commissioning conundrum for custodial care. S. Gannon (C) 454. W. Wilson (*Author's reply*) (C) 454–455

And the future of mental health care in prisons. Simon Wilson (*Editorial*) 5–7

ESPRIT Project

DSM–IV psychiatric disorder in the French elderly population. K. Ritchie *et al* 147–152

Ethics

From the Editor's desk. Peter Tyrer (*Editor*) 192

Mental incapacity and medical ethics. S. A. Hudson and V. Raymont (C) 84–85

Ethnicity

Ethnic variation in adolescent psychosis. Jovanka Tolmac and Matthew Hodes 428–431

Management of psychiatric in-patient violence. Gisli H. Gudjonsson *et al* 258–262

Europe

Involuntary placement of mentally ill people across the European Union. Hans Joachim Salize and Harald Dressing 163–168

Mental health in the enlarged European Union. Andrej Marušič (*Psychiatry around the world*) 450–451

see also Finland; France; Iceland; Italy; Sweden; Transcultural Study of Postnatal Depression (TCS–PND) (suppl. 46)

Expert witnesses

The attitude of the legal profession towards the medical profession. Henry Rollin (*One hundred years ago*) 273–274

Exposure therapy

Computer-aided self-help at home. Mark Kenwright and Isaac M. Marks (*Short report*) 448–449
Sertraline and exposure therapy in social phobia. B. Bandelow (C) 271. T. T. Haug (*Author's reply*) (C) 271–272

Expressed emotion (EE)

At first-episode psychosis. D. Raune *et al* 321–326

Families

Childhood feeding problems and maternal eating disorder. Peter J. Cooper *et al* 210–215

Disturbed families, or families disturbed? J. Hubert Lacey and Clare Price (*Editorial*) 195–196

Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34–40

Genotype–environment interaction in schizophrenia-spectrum disorder. Pekka Tienari *et al* 216–222

Parental age difference and schizophrenia. H. Bourne (C) 540. S. Zammit *et al* (*Authors' reply*) (C) 540–541

Psychosis and academic performance. Jon L. Karlsson 327–329

see also Carers

Fat deposition

Effects of antipsychotics. Zhi-Jun Zhang *et al* 58–62

Fatigue

CBT by GPs for unexplained fatigue. M. J. H. Huibers *et al* 240–246

Chronic disabling fatigue in children and adolescents. Anne Farmer *et al* 477–481

Cortisol in chronic fatigue syndrome. Amanda D. L. Roberts *et al* 136–141

Education to encourage graded exercise in chronic fatigue syndrome. Pauline Powell *et al* 142–146

Feeding problems

And maternal eating disorder. Peter J. Cooper *et al* 210–215

Finland

Genotype–environment interaction in schizophrenia-spectrum disorder. Pekka Tienari *et al* 216–222

Flashbacks

In war veterans. I. P. Burges Watson (C) 185

Foetal growth

Birth weight and later risk of depression. Catharine R. Gale and Christopher N. Martyn 28–33

Foetal origins of schizophrenia. Kathryn M. Abel (*Editorial*) 383–385

Forensic psychiatry

Commissioning conundrum for custodial care. S. Gannon (C) 454. W. Wilson (*Author's reply*) (C) 454–455

From the Editor's desk. Peter Tyrer (*Editor*) 100

The future of mental health care in prisons. Simon Wilson (*Editorial*) 5–7

Non-adherence to antipsychotics. Martin Knapp *et al* 509–516

Severe acute respiratory syndrome (SARS)

Psychiatric complications.

S. K. W. Cheng *et al* (*Short report*) 359–360

Sexual abuse

Impact of child sexual abuse on mental health. Josie Spataro *et al* 416–421

Sexual orientation

And suicide. R. M. Mathy (C) 361–362

Sexual violence

Lone mothers' experience of violence: association with psychiatric disorders. Peter Butterworth 21–27

Sheehan Disability Scale

Post-traumatic stress and disability. Leigh A. Neal *et al* 247–250

Social capitals

Mental health and social capitals. M. Webber and P. Huxley (C) 185–186. K. McKenzie (*Author's reply*) (C) 186

Social phobia

Sertraline and exposure therapy. B. Bandelow (C) 271. T. T. Haug (*Author's reply*) (C) 271–272

Social psychiatry

And the human genome. Leon Eisenberg (*Editorial*) 101–103

Somatic symptoms

In depression: diagnostic weight in an African setting. G. T. Okulate *et al* 422–427

Globalisation and mental disorders.

Dinesh Bhugra and Anastasia

Mastrogrianni (*Review article*) 10–20

Somatoform disorders. Michael

Sharpe and Richard Mayou

(*Editorial*) 465–467

Somatoform disorders in general

practice. Margot W. M. de Waal

et al 470–476

Somatoform disorders

In general practice. Margot W. M. de Waal *et al* 470–476

Help or hindrance to good patient care? Michael Sharpe and Richard Mayou (*Editorial*) 465–467

Specialist mental health care trusts

In defence. A. Sharma (C) 84

Statistics

Antidepressants and public health in Iceland. Tómas Helgason *et al* 157–162

The Child ADHD Teacher Telephone Interview: reliability and validity.

Jane Holmes *et al* 74–78

Homicide data. R. P. Rowlands (C)

272. E. Salib (*Author's reply*) (C)

272–273

Impact of compulsory community treatment on admission rates.

Stephen R. Kisely *et al* 432–438

Post-traumatic stress and disability.

Leigh A. Neal *et al* 247–250

Predictors of antisocial personality: continuities from childhood.

Emily Simonoff *et al* 118–127

Stigmatisation

And mental illness. Sokratis Dinos *et al* 176–181

Stress

And the genesis of diabetes in schizophrenia. Timothy G. Dinan (suppl. 47) s72–s75

Structured Clinical Interview

for DSM–IV Disorders (SCID)

Adaptation to assess perinatal depression. L. L. Gorman *et al* and the TCS–PND Group (suppl. 46) s17–s23

Attachment style and perinatal depression. A. Bifulco *et al* and the TCS–PND Group (suppl. 46) s31–s37

Contextual Assessment of the Maternity Experience.

O. Bernazzani *et al* and the

TCS–PND Group (suppl. 46)

s24–s30

Measurement of mother–infant interactions. M. Gunning *et al* and the TCS–PND Group (suppl. 46) s38–s44

Substance misuse

Antidepressant-related deaths in England and Wales. Survjit Cheeta *et al* 41–47

Cannabis and psychosis.

Louise Arseneault *et al* (*Review article*) 110–117

Evidence in cannabis research.

P. Miller (C) 542. T. Palmer (C)

542–543. C. Coffey *et al* (*Authors' reply*) (C) 543–544

Liquid ecstasy. J. Rodgers *et al* (*Editorial*) 104–106

In pregnancy. K. M. Kuczkowski (C) 182. A. Whittaker and C. McIntosh

(C) 182–183. A. Greenough

(*Author's reply*) (C) 183

Suicide by prisoners. Jenny Shaw *et al* 263–267

see also Alcohol misuse

Suicide

Alcohol use disorders and suicidality. Annie McCloud *et al* 439–445

Antidepressant-related deaths in England and Wales. Survjit Cheeta *et al* 41–47

Antidepressants and public health in Iceland. Tómas Helgason *et al* 157–162

DSM–IV psychiatric disorder in the French elderly population.

K. Ritchie *et al* 147–152

Melancholia and the probability and lethality of attempts. Michael F.

Grunebaum *et al* (*Short report*)

534–535

Mental health in the enlarged

European Union. Andrej Marušič (*Psychiatry around the world*)

450–451

By prisoners. Jenny Shaw *et al* 263–267

Severity of depressive episodes according to ICD–10: prediction of risk. Lars Vedel Kessing 153–156

And sexual orientation. R. M. Mathy (C) 361–362

Sweden

Urbanisation and mental health.

Kristina Sundquist *et al* 293–298

Sympathoadrenal-medullary (SAM) axis

Stress and the genesis of diabetes in schizophrenia. Timothy G. Dinan (suppl. 47) s72–s75

Ten books

Chosen by Fiona Subotsky 547–549

Chosen by George Szmukler 457–460

Chosen by Sidney Bloch 275–279

Terminology

Flashbacks in war veterans.

I. P. Burges Watson (C) 185

From the Editor's desk. Peter Tyrer (*Editor*) 192, 286

Testimony method

To ameliorate post-traumatic stress symptoms. Victor Igraja *et al* 251–257

Transcranial magnetic stimulation

Antidepressant effects of rTMS. P. E. Holtzheimer *et al* (C)

541–542

Transcultural Study of Postnatal

Depression (TCS–PND). M. N. Marks *et al* (eds) (suppl. 46) s1–s52

Adaptation of SCID to assess perinatal depression. L. L. Gorman *et al* and the TCS–PND Group s17–s23

Aims, measures, study sites and participant samples. P. Asten *et al* and the TCS–PND Group s3–s9

Attachment style and perinatal depression. A. Bifulco *et al* and the TCS–PND Group s31–s37

Contextual Assessment of the Maternity Experience.

O. Bernazzani *et al* and the

TCS–PND Group s24–s30

Health services research. D. Chisholm *et al* and the TCS–PND Group s45–s52

Introduction. M. N. Marks (*Editorial*) s1–s2

Measurement of mother–infant interactions. M. Gunning *et al* and the TCS–PND Group s38–s44

Postnatal depression: qualitative study. M. R. Oates *et al* and the TCS–PND Group s10–s16

Trauma

- Age of traumatisation as a predictor of PTSD or depression.
Andreas Maercker *et al* 482–487
- Drawings by child survivors of genocide, Rwanda. Edited by Allan Beveridge (*Psychiatry in pictures*) A18
- Early CBT for post-traumatic stress symptoms. Jonathan I. Bisson *et al* 63–69
- Flashbacks in war veterans.
I. P. Burges Watson (C) 185
- Impact of child sexual abuse on mental health. Josie Spataro *et al* 416–421
- Lone mothers' experience of violence: association with psychiatric disorders. Peter Butterworth 21–27
- Post-traumatic stress and disability.
Leigh A. Neal *et al* 247–250
- And post-traumatic stress symptoms in African schools. S. Seedat *et al* 169–175
- Testimony method to ameliorate post-traumatic stress symptoms.
Victor Igreja *et al* 251–257
- Towards integrated health care: a model for assault victims.
Jonathan P. Shepherd and
Jonathan I. Bisson (*Editorial*) 3–4

Tricyclic antidepressants

- Antidepressant-related deaths in England and Wales. Survjit Cheeta *et al* 41–47

Twin studies

- Language activation in schizophrenia.
Iris E. C. Sommer *et al* 128–135
- Predictors of antisocial personality: continuities from childhood.
Emily Simonoff *et al* 118–127

Two-Way Communication Checklist (2-COM)

- Evaluation. Jim van Os *et al* 79–83

Urbanisation

- Does the urban environment cause psychosis? Jim van Os (*Editorial*) 287–288
- And incidence of psychosis and depression. Kristina Sundquist *et al* 293–298

Vagus nerve stimulation

- Evidence needed for treatment strategies in refractory depression.
N. Agrawal (C) 182

Valproate

- Relapse prevention in bipolar I disorder. M. Tohen *et al* 337–345

Venlafaxine

- And SSRI remission data revisited.
H. Kavirajan (C) 452–453

Victims of crime

- Towards integrated health care: a model for assault victims.
Jonathan P. Shepherd and
Jonathan I. Bisson (*Editorial*) 3–4

Violence

- Homicide data. R. P. Rowlands (C) 272. E. Salib (*Author's reply*) (C) 272–273
- Lone mothers' experience of physical and sexual violence.
Peter Butterworth 21–27
- Management of in-patient violence: ethnicity and use of medication, restraint and seclusion.
Gisli H. Gudjonsson *et al* 258–262
- Towards integrated health care: a model for assault victims.
Jonathan P. Shepherd and
Jonathan I. Bisson (*Editorial*) 3–4
- Trauma and post-traumatic stress symptoms in African schools.
S. Seedat *et al* 169–175
- Understanding violence. D. Beales (C) 361. P. Fonagy (*Author's reply*) (C) 361

see also War

War

- Flashbacks in veterans.
I. P. Burges Watson (C) 185
- Testimony method to ameliorate post-traumatic stress symptoms.
Victor Igreja *et al* 251–257

Weight gain

- Effects of antipsychotics on fat deposition. Zhi-Jun Zhang *et al* 58–62
- Metabolic disturbance in schizophrenia. Jogin H. Thakore (suppl. 47) s76–s79

Women

- Age of traumatisation as a predictor of PTSD or depression.
Andreas Maercker *et al* 482–487
- Birth weight and later risk of depression. Catharine R. Gale and Christopher N. Martyn 28–33
- Childhood feeding problems and maternal eating disorder.
Peter J. Cooper *et al* 210–215
- Drug misuse in pregnancy.
K. M. Kuczkowski (C) 182.
A. Whittaker and C. McIntosh (C) 182–183. A. Greenough (*Author's reply*) (C) 183
- Ethnoepidemiology of postnatal depression. Dominic T. S. Lee *et al* 34–40
- Impact of child sexual abuse on mental health. Josie Spataro *et al* 416–421
- Lone mothers' experience of violence: association with psychiatric disorders. Peter Butterworth 21–27

- Longitudinal symptoms after severe depression. Noel Kennedy *et al* 330–336
